

I see 2015 as a year of thanksgiving. God is going to move mightily and His Spirit will bring new life into the barren places and he will bring forth springs of living water from the bellies of the redeemed. These waters are living waters that will flow like a mighty waterfall and revival will break forth with people turning from their wicked ways; turning from darkness to light from the power of Satan to the power of the Living God.

We must not hold back, we must shout our praises, sing our songs and dance before the Lord with thanksgiving and gladness, for the Kingdom of Heaven is at hand.

Please let our brothers and sisters in the Lord know that we are one with them, are praying for them and love them.
